Name: Colorado Parks and Wildlife

Email Address: dnr_area2_landuse@state.co.us Phone Number: (303) 916-2987 Please enter your question or comment: Thank you for including Colorado Parks and Wildlife in the review process for this project. After review, we found that Burrowing owls could be present on the proposed site. CPW recommends that if construction is to occur during the nesting season (March 15 - August 31), that Burrowing owl nesting surveys be conducted. If Burrowing owls are present during this time, we recommend re-consulting with CPW for further recommendations.

Sincerely,
